

NEW RISK CONSULTING OFFERING

Workplace Violence Prevention Services

Protect Your Patients & Staff. Empower Your Team. Strengthen Your Culture.

The growing prevalence of violence in healthcare has serious consequences—for people and for institutions—costing hospitals alone more than \$18 billion* annually in the U.S. Preparing your team for this current reality is your first line of defense. Led by a nationally recognized violence prevention expert, our customizable services are proven to help you and your organization reduce workplace violence, improve patient and staff safety, and foster a culture of prevention.

CORE SERVICES

Violence Prevention Risk Assessment

Partner with us to assess your organization's preparedness. Our comprehensive assessment process includes:

- Consulting & on-site evaluation
- Tailored action plan
- Expert guidance & support

Violence Prevention Education & Training

Topics span the critical aspects and environments of the highest risk situations and provide real-world techniques to embed safety procedures and behaviors. Presentations can be offered as keynotes or staff training, tailored to the audience and time allotted. CME is available.

- Situational Awareness and Personal Safety
- Healthcare Workplace Violence/Active Shooter Prevention, Intervention, and Response
- Fundamentals of Behavioral Threat Assessment
- Achieving a Culture of Zero Violence: Leadership Strategies to Reduce Risk and Anxiety for Patients, Staff, and Visitors
- Home Health Safety: Situational Awareness and De-Escalation in the Field
