

Dear valued client,

Thank you for your business! We are honored you are placing your trust in our team members, products, and services, and are thrilled to have you as our client. We look forward to providing your insurance coverage and working with you to help minimize risk and support your efforts to deliver the best healthcare possible. In addition to insurance coverage, we offer a full suite of resources focused on providing solutions to protect you, your organization, and your people.

To preserve your trust, we remain transparent by informing you of any insurance policy changes. Curi is consolidating two of our affiliated insurers, UMIA Insurance, Inc. ("UMIA") and MMIC Insurance, Inc. ("MMIC"), with MMIC being the residual insurer. All UMIA policies will therefore be offered and issued by MMIC as of your 2026 policy renewal date. Please note that, due to regulatory requirements, your UMIA policy will be non-renewed, and your renewal policy will be underwritten by MMIC Insurance, Inc.

In preparation for this change, we have enclosed a copy of the Renewal with Affiliate form that will also be included with your 2026 policy renewal documents issued by MMIC. Included within that renewal package will be the following documents: policy documents, premium amount, coverage explanation, billing information, and key contacts.

To best ensure a smooth transition to MMIC, please note the following information:

- New policy numbers will be issued. Your new MMIC policy number will be included with your new policy documents. Both this number and your current UMIA policy number will be available in the MyAccount portal after your renewal date. You will utilize the new MMIC policy number when requesting credentialing reports back to 2021. If credentialing reports are needed for dates before 2021, please email your request to credentialing@curi.com.
- Policy information can be accessed in MyAccount. If you haven't already created an account, you can visit curi.com, click the "sign in" prompt in the top right and register as a new user. Once in, you'll see a menu of all your membership resources. In the portal, you can access account-specific features, including:
 - View policy information
 - Access and print COIs
 - Download invoice & billing information
 - Obtain copies of policy documents
 - Update contact Information
- Automatic premium payment information must be reset in MyAccount, utilizing the new MMIC policy number. See our payment set-up how-to in MyAccount for details.
- We recommend submitting a new application, as the updated policy may include changes that could impact your coverage. For example, this may impact medical directors employed by outside entities or practices that utilize locums tenens. To ensure your unique circumstances are covered, please complete the application found at curi.com/resource/underwriting-applications-and-forms/, or confirm your coverage details with your broker agent or a Curi underwriter.
- Our commitment to you, defending good medicine, and our early intervention philosophy remains unwavering.

We look forward to being your partner, and we understand you may have questions. Please reach out to your broker representative or your Curi team at 800-328-5532 or UW.Mail@curi.com for a quick response.
